

CO Omega link

Norm EN 1677-1

The omega link is an alternative to the connecting link (code MJ). It is an easy and safe connection between the chain and the components. It is more compact than a connecting link.

Code	WLL	Chain Ø	Dimensions in mm			BF	Weight
	t		mm	A	B	C	t
CO 5/6	1.12	5/6	25	20	9	4.5	0.07
CO 7/8	2.00	7/8	34	23	16	8.0	0.16
